S.S.C. marks - 82.80%

EXPERIENCE

Internships
- Fame Technologies
- BTTC

Hackathons
- Hack20
- TSEC CodeStorm
- GovTechThon
- UnScript Rookie

PROJECTS

AKounter Status: Testing (github)

AKounter was made with a vision to ease out the process of accounting of karate which is tedious work I faced when I was karate instructor and to improve efficiency and automate the process.

LCO-Workout Status: Completed (github)

LCO-Workout is a beautifully designed app which will suggest you workout for you and is made for a challenge given by Hitesh Choudhary

Heartry Status: Waiting for playstore approval(github)

Heartry is one project which is very close to my heart, I got inspired by the scarcity of the poem writing apps and sharing platform.

Shadow Clock Status: Completed (github)

Shadow Clock is made for the flutter clock challenge.
